### 1st TPM –Kick off Meeting

The first TPM (Kick-off Meeting) of the MEM Project has taken place in Karditsa, Greece on December 20th, 2019. The partners got together to discuss the project's implementation stages. Each partner presented their organization followed by an introduction to the scope, aims and objectives of the MEM project by ESCHOOL, the host organisation. Then, the forthcoming LTTAs were presented by the partners responsible for their implementation. The following was discussed in relation to the planned LTTAs.

# LTTA1 Critical Thinking Decision Making in Education

CRN presented their organization's approaches to Critical Thinking, and via use of technology gathered the opinions and expectations of each individual participant in the TPM. Discussing the most common results, the partners jointly decided on the focus of the LTTA in Germany

## LTTA2 Augmented Reality As a Tool in Education

E-SCHOOL presented their organization's approaches to AR in the Classroom and presented projects utilizing the AR technology for Educational Purposes such as the DESK (An Adult Digital Education Skills Kit to Foster Employability) project with code 2018-1-EL01-KA204-047819.

## LTTA3 Game-Based Learning in Education

StandoutEdu presented their organization's approaches to GBL in the Classroom and presented the main differences between the common mistake of mistaking Game-based Learning for Gamification. GBL techniques and examples to clear out the terminology were described.

### On-line Meetings

In between, two more online meetings were held.

On the 27th of February, 2020 the 1st LTTA was discussed along with Implementation and Dissemination Issues.

On the 18th of April, 2020, the partners deliberated on the restrictions imposed due to the pandemic and the travel restrictions worldwide and what measures needed to be taken to ensure the project's success. More info in relation to the project is soon to come!

Stay tuned and stay safe!
